---

Cost of sales for 2Q2016 increased in tandem with the higher revenue and higher direct operating cost.

Gross profit of S\$1.4 million is higher than the gross profit in 2Q2015 of S\$1.3 million due to the higher volume of revenue recorded. Gross profit margins of 6.9% for the quarter, however were lower as compared to 7.9% in the corresponding prior period due to the higher cost of sales.

Profit before taxation increased for 2Q2016 to S\$129,000 as compared to S\$65,000 recorded in the corresponding prior quarter. Profit before tax for the current 6-month of S\$0.5 million was lower than the amount of S\$1.0 million recorded in the previous corresponding period ("6-MTH 2015"). The profit before taxation for 6-MTH 2015 was higher due to higher profit recorded in its first quarter.

(ii) Other income

The increase in other income was mainly due to the receipts of Special Employment Credits from the Ministry of Manpower and Wage Credit Scheme payout from IRAS for 2015 and a Capability Development Grant of S\$240K from Spring Singapore.

(iii) Administrative expenses

Administrative expenses for 6-MTH 2016 were lower as compared the prior corresponding period mainly due to the absence of a contribution of S\$100K towards participation in the CII initiative for an integrated approach to Management Practices & Productivity Measurement for the Singapore Chemical Industry.

(iv) Other expenses

Other expenses recorded a net loss arising from foreign exchange transactions.

(v) Finance expenses

The finance cost refers to the hire purchase interest incurred on the financing of operating equipment acquired in 2012.

(vi) Income tax (expense) / credit

The Group recorded a tax credit of S\$124K for the 6-MTH 2016 as compared to a tax credit of S\$285K for the prior corresponding period.

The tax credit of S\$124K arose mainly from a writeback of deferred tax liability of S\$140K offset by a current tax provision of S\$25K. The tax credit for the corresponding prior period was mainly due to a refund of S\$336K in respect of tax assessment for prior years following the transfers of unutilized tax losses and capital allowances between subsidiaries under the application of group relief.

### ***Notes to statements of financial position***

#### ***Group and Company***

(i) Property, plant and equipment

The decrease was mainly due to depreciation expense of S\$1.8 million offset by the acquisition of operating assets of S\$0.9 million to upgrade and enhance the Group's capabilities.

**MUN SIONG ENGINEERING LIMITED**

(Incorporated in the Republic of Singapore)

(Company registration number: 196900250M)

---

(ii) Intangible Asset

(iii) Investment in subsidiaries

Investment in subsidiaries increased by S\$0.9 million following the additional cash subscription in the share capital of OHM Engineering Pte Ltd ("OHM") as announced on 1 March 2016. The additional investment will empower OHM with greater flexibility to further increase the number and dollar value of projects that it can undertake.

(iv) Inventories and contract work-in-progress

The decrease in contract work-in-progress was mainly due progressive completion of work done on projects.

(v) Trade and other receivables

Trade and other receivables decreased due to the realisation of receivables during the quarter.

(vii) Loans and borrowings

The decrease in loans and borrowings was mainly due to the repayment of hire purchase instalments. The outstanding amount will be fully re-paid within the current year.

(viii) Trade and other payables

The increase was due to higher volume of expenses incurred toward the end of the quarter and are not due for payment yet.

(ix) Excess of progress billings over contract work-in-progress

The decrease was due to completion of work under which progress billings were raised.

(x) Deferred tax liabilities and tax payable

The deferred tax liabilities was mainly due to the recognition of the temporary timing differences arising from the general provisions and claim on capital allowances on qualifying assets.

The tax payable decreased mainly due to settlement of the tax assessment in respect of the prior year.

(xi) Equity

Total equity of the Group decreased from S\$57.6 million as at 31 December 2015 to S\$56.3 million as at 30 June 2016. The decrease was mainly attributed to the payment of dividend of S\$2.0 million in respect of FYT2015 offsetting the increase in revenue reserve of S\$0.6 million which arose from profit generated by the Group and the increase in share capital of S\$0.1 million from the issue of new ordinary shares at the exercise price of one cent each pursuant to the conversion of the warrants.

During the current quarter, a total of 3,737,000 warrants have been exercised and the share capital is increased accordingly.

MUN SIONG ENGINEERING REPORTS \$0.5 MILLION PROFIT BEFORE TAX FOR 1HFY2016

---

**Singapore, 5<sup>th</sup> August 2016** - Mainboard listed Mun Siong Engineering Limited (“Mun Siong”) and its subsidiaries (“Group”), a turnkey solution provider to the process industry in Singapore, reported a net profit before tax of approximately \$0.5 million for the six months period, approximately \$0.5 million reduction as compared to the corresponding period in 2015. As at 30 June 2016, cash and cash equivalent stood at \$27.2 million.

Revenue for the second quarter increased 24.0% from S\$16.4 million to S\$20.3 million with higher volume of work. Revenue for the six months also increased, by 21.3% from S\$32.8 million to S\$39.8 million. Gross margin however declined, from 10.2% to 6.6% due to higher operating costs and competitive pricing.

As highlighted in the previous quarter, intense competition and reduced pricing coupled with improvements relating to welfare, safety and job execution processes will impact profitability. These factors have prevailed into 2Q2016, consequently affecting our financial performance significantly for 1H2016.

The outlook for the process industry in Singapore continues to be challenging. The Group will maintain a prudent approach and be selective in bidding for new jobs or projects and intensify its efforts to explore overseas opportunities, new markets, products and services.
